Allowable Subject Matter

1. Claims 1-18 are allowed.

The following is an examiner's statement of reasons for allowance:

Regarding claims 1, 11, the applicants have presented persuasive arguments (page 7-8 of Applicants remarks filed on 8/7/2003) that the cited prior art of record fails to disclose the step of temporarily mounting a structure wafer to a carrier wafer with alignment relative to the plurality of holes in the carrier wafer. The closest cited prior art of Neukerman et al (US 6,445,844) discloses the step of connecting/mounting a structure wafer 162 to a substrate/carrier 212 with alignment relative to the plurality of holes in the substrate 212 without removing the wafer 162 from the substrate 212 (fig. 16b, fig. 16d). The reasons for allowance of claims 7, 17 have been stated in the previous office action (paper 3)

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
